# Introduction

## Bill Turner on PPSR

**What is the PPSR? “It’s a public Notice Board”** – remember the town crier. He used to put out all the town public notices. When you had a claim against the deceased estate (strawman) there used to be a Queens Bench in Auckland. Sovereigns would go to the Queen’s Bench. The other places public notices are made is the public newspapers and the gazette. The gazette is the corporations notice board.

They stopped the Queen’s Bench, and the PPSR took over as the public notice board. Anything you put on the public notice board they must take note of.

**When we use the PPSR it is a public notice.** We are claiming the title.

**Secure title over all my titles.** (You can read in 1 Samuel 8 the story of when man demanded a king to rule over them. In verses 15 and 17, where the king would take a tenth)

Example: Secure the title of my credit card, secure the title over my birth certificate.

A key part of this is putting a lien on the title. On the public notice board, it shows:

**“I am the secured Party”.**

A lien is a legal claim placed on someone’s property, whether personal or business.

SURNAME is the debtor. They must pay me before they can collect any money. The given names are the creditor, the **cestui que** trust is the debtor.

## Write down your ‘why’

**Establish clearly in your own mind,**

- a) What it is you are wanting to achieve with the PPSR
- b) What are you hoping for from the PPSR tool?
- c) When will you know if the tool will meet that need?

Knowing your ‘why’, the idea is that we keep this learning exercise intentional, measurable and practical.

**You want to know this tool is going to achieve the task you want it to because it will require considerable effort and energy. PPSR may not be a PASSIVE tool but it is a POWERFUL one.**

- 1. Block out your calendar times that you are allocating to this work for the next six weeks
- 2. Send off Internal Affairs Application
- 3. Schedule time for reference list items and begin ticking things off
- 4. Get a folder together to keep your hard copies

- Load Trust onto PPSR as your new default secured party
- Transfer Finance Statement into Trust as the new default Secured Party
- Trustee now notifies PPSR Registration to ALL interested parties (debtors) within 15 working days

# Step One - Ordering Your Documents from Internal Affairs

## Your Internal Affairs documents need to be ordered asap

Policy prevents them from taking applications for source documents over the phone, these can only be ordered via a paper submission. We advise selecting tracked signature required courier  
**You need two application forms (a google search will pull these up)**

- BDM93b Request for NZ Birth certificate and
- BDM490 Request for Source Document

Complete the forms and print out. Give your full contact details in case they have anything to clarify. If you need confirmation of costs ask them to email you with payment details. This then gives you a direct email contact for any future requirements.

**We suggest you include a Cover Letter** giving a reason why you are asking for information... something like; for personal reasons, of a private nature, genealogy and/or birth record work you are doing.

**This is what we want you to have in your hand for this work if at all possible:**

- RG27 registration of birth (source doc certified as a true copy with a purple stamp)
- RG9 notification of birth (source doc certified as a true copy with a purple stamp) *this needs to be requested specifically otherwise they will default to the RG27 only*
- Printout (certified as a true copy with a purple and red stamp) (*maybe known as 'copy of the event' or 'copy of record', older previous codes in NZ are RG3 and RG5*)
- NB: international countries may well have different codes so request the type of document you want - not the code if international.
- birth certificate x 2- 4 standard (minimum of 2 required for this work, extras will give you some spares for possible future use)

**\*\* We have several international enquiries going at the moment. The outcome of these is varied but usually results in something one can work with.**

## NOTES

Source documents if you get a letter saying they do not have your documents that letter, is your source document. The PPSR Act says you must have your source documents on hand. You do not show them to anyone but should have them to hand and be able to sight them.

For those born over seas, it was thought, NZ BDM may have access to your source documents when you become a Permanent Resident or Citizen.

They were emailed and this was BDM's reply:

*"If your birth was registered overseas, then your birth documentation will have to be ordered from the country it was registered in. Becoming a New Zealand citizen does not result in your birth registration documents being transferred to New Zealand. "*

It is an option to use your citizenship papers. Whatever you have that identifies the New Zealand identity. That is, when the New Zealand identity (the clone) was created.

## Documents, Forms and Letters

A heads up - The following information about the files provided, is the easy part. All you are essentially doing is learning how to fill in the documents, in what order and reading them for comprehension.

Where the real work begins and the only guarantee of confident application of the files is your independent study outside of the weekly learning group. If you want to simply fill in forms with an expectation of undoing a system you have lived in and given your authority to all your life, then now is the time to pack up and go home.

## How Serious are you About Your Property and Freedom?

<https://www.youtube.com/watch?v=j9wMkQE9dW8&list=PLAAuhksfbxwKUuF-gHWOfk0bw06huhZV5&index=59>

Due to all the work being done on the land, the following website has been created. We encourage your participation. This site is also where all updated files for PPSR will be loaded. We are not attached to this website but refer you to this service for PPSR templates.

Once we have two thousand members, we are a township with sway! Please invite all those that may be interested.

<https://executors.kiwi> A place where like-minded individuals may gather to gain knowledge of the invisible chains which keep us enslaved. Should you choose to join the Freedom Society you will be given resources to enable you to avoid conflict in your day to day life.

## Create a Master Key for yourself

This is a suggestion for purposes of efficiency.

If you create a master key using all the abbreviations from the various documents this acts as your main reference point and ensures consistency of use throughout.

You can add unique details eg if using source documents or citizenship number this can be included on Ones master key.

There are some inconsistencies within the files e.g. Brndt and brndt are the same thing but show up differently when using the find and replace tool. These are not pdf documents so you are able to adjust such details as you prefer and include them in your own master key.

## Internal Documents

Our definition for 'Internal documents', are documents you keep for yourself in your own filing cabinet for future reference or use if necessary. They do not need to be sent to or filed with anyone specifically. **Please keep duplicate copies of everything and back up your computer!**

## Building Comprehension of Each Document

Use Google search to deepen comprehension of each document

Refer to the book Cracking The Code to deepen comprehension of each document

Study out each document so you know

- 1 The parties involved
- 2 The purpose of the document
- 3 Definitions for important words you identify
- 4 Note important points within each document

## Step Two – Power of Attorney – Forms with and without mum

For further background understanding please watch:

<https://www.youtube.com/watch?v=GP7lQcQxJs&list=PL78FcEELlas-IfyKNG2BGOzeZG9-zCyt>

### Pt 1 | Intro to Trusts, Estates, and Securities (My people are destroyed for a lack of knowledge)

When your mother registered you, she unknowingly handed over the administration of your estate to the state. The POA document makes you the sole authorised administrator of your public estate.

A child means a child under the age of 18. At the age of 18 we can claim our majority and our power of attorney. We are doing this now by the invoke of POA, back to the date we became of age, majority.

Your Power of Attorney gives you the right to put yourself on the PPSR. There are two ways to do the Power of Attorney.

- By the grantor - your mother
- By invoking the powers

By Grantor – if your mother is still alive, say...Mum, here's my birth certificate and here is my printout, one says birth the other says born, please marry them up. A notary can certify that mum is signing it as the grantor. Take the original and a photocopy of your birth certificate, along with your printout or RG27.

If they write back and say that your source document has been destroyed or it's an internal document, then that communication becomes your source document. It's your proof that a source document existed or exists.

Different forms are required for those doing this with mum to those without mum.

**If your Mum is willing and involved use the following forms:**

Internal documents	
3.0 POA Powers – mum	
3.1 Mother Grantor – mum	
Original & Photocopy of Birth Certificate with your Printout /RG27 printed on the back	

Mum goes with you to the JP if possible, or if not with you it is ideal to get her to take in her own original birth certificate along with a photocopy of her birth certificate. She gets the copy certified and sends it to you.

Name :Given-Name: Surname (nee maiden name) for child

Name :Given-Name: Surname for mother

If your Mum is not able to be involved for whatever reason, use these forms:

Internal documents:	Sent off Documents:
4.0 POA Powers – no mum	<b>Send by Sign for Courier</b> to Attorney General, David Parker, cc to Treasury Secretary, Public Trust CEO:
	4.1 POA invoked – no mum x 3
	4.2 Cover Letter x 3
	Photocopies of Birth Certificate with your Printout /RG27 printed on the back x 3

Send by sign-for courier to the Attorney General, cc Chief Executive and Secretary to Treasury & Chief Executive of the Public Trust:

- 4.1 POA invoked x 3
- 4.2 Cover letter x 3
- Print your Printout onto the back of your photocopied birth certificate x 3
- **It is NOT necessary to have your photocopied b/c certified as a true copy**

## Cover Letter — Form 4.2

### The letter to Attorney General

- One cover letter sent to three people
- **Three** sign-for courier packets
- The original letter being sent to the David Parker as Attorney General is being cc'd to Glenys Talivia as Chief Executive of the Public Trust and Caralee McLeish as Chief Executive and Secretary to Treasury ie. three separate letters to courier
- Place stamps on back bottom right corner of the cover letters and POA invoked.

This cover letter gives the above **10 working days** from receipt of letter to reply to us. If no reply, we have agreement by tacit acceptance.

**Stamps on back of letters so they are not an inchoate instrument** (see addendum item)

Place a 10c stamp on the back bottom right corner of each:

- 4.1 POA invoked
- 4.2 Cover letters

Send by sign-for courier mail.

## Step Three - Create your PPSR account, initiate finance statement and complete Security Agreement

- Create a Real Me login name with your full name (strawman name) at <https://www.realme.govt.nz/>
- Follow the guide provided (see addendum item 'Create PPSR Account') on how to set up your PPSR account and secured party.
- After reviewing save and exit, **DO NOT register yet**
- Click on the **PPSR Registrations** tab under **Financing Statements**
- Click on **Create (for your default SPG)**.
- Initiate the finance statement to get the number that will be assigned. You will complete the finance statement in a later step. **Let it sit in unfinished business**

### Complete the Security Agreement — (Contains the Fidelity Bond) Form 1.0

- Finance Statement number is needed here
- Complete the first of two mailers (see instructions in Addendum)
- White bar code from S/A Mailer is needed here
- Print two sets of originals on good quality water marked paper. One copy is for you, one copy is for Treasury
- Get both sets signed and witnessed
- Take extra copies for your own records
- Glue both original sets. You want to glue each page together at the top left corner and leave to dry
- Place both originals together, then with pinking scissors snip a short, angled section off one side/corner
- Put a stamp on the last blank page as per instructions
- This will be sent with **8.0 Set-Off & Indemnity Bond, 10.0 Charge Back letter** and **PPSR Verification Statement and Registration of Financing Statement**
- Sent by sign-for courier mail to C/o The current Secretary and Chief Executive, New Zealand Treasury. At time of writing, it is Dr Caralee McLeish

**The Fidelity Bond in the Security Agreement** - Debtor is giving the Secured party a security interest with the 1 Billion-dollar bond, so the Secured Party has first rights over collateral. This is your agreement between the Debtor and the Secured Party, through tacit agreement by silent acquiescence that any damages, claims, losses are paid for by the Debtor / Administrators / Agents using the Fidelity bond.

'DEBTOR by mutual agreement in this Deed, grants Secured Party, a security interest in the collateral herein, on any Schedule submitted and as may appear on all PPSR filings referred to as collateral to secure all property held in the name of DOE, JOHN ALAN as well as all perceived income from whatever source derived, direct, indirect...'

**Complete the Security Agreement**, using the PPSR filing number you receive when your Finance Statement was initiated on the PPSR. Carefully peel off the white barcode label from your self-addressed mailer and place on the front page of the Security Agreement. Ensure that

the date on your Security Agreement is before the date of when the mailer was posted. Posting the completed agreement to Oneself ensures this.

Please carefully read the entire document, **checking the name changes** throughout.

## Notes

[illegible]

## Step Four – Complete the Internal Documents and Finance Statement, Create a Living Trust

### Hold Harmless and Indemnity – Form 6.0 Internal document

‘DEBTOR hereby expressly **agrees and covenants**, without the benefit of discussion, and without division, that DEBTOR **holds harmless and undertakes the indemnification** of Secured Party from and against any and all claims, legal actions, orders, warrants, judgments, demands, liabilities, losses, depositions, summonses, lawsuits, costs, fines, liens, levies, penalties, damages, interests, and expenses whatsoever both absolute and contingent, as are due and as might become due, now existing and as might hereafter arise, etc’

Bills of Exchange Act schedule 2 – Our common law remedy. In the private we must have our own two witnesses.

Complete the second of two mailers (see instructions in Addendum)

### Common Law Copyright — Form 5.0 Internal document

This is a notice of copyright not a registration. This is about the day-to-day stuff they are using of yours. Because we are the administrator now, we are taking over the authority of using the names, trademarks etc.

### Fee Schedule – Form 9.0 Internal document, used if needed

This is what we use to inform and/or charge anybody that attempts to injure. It is enforceable because we have the Hold Harmless and Indemnity.

### Finance Statement — Form 2.0

We are claiming the title. Secure title of everything they hold title over. We are claiming authority over ourselves by registering using their system against them. We want control of Our strawman, not to take over the administration.

#### From the Personal Property Securities Regulations 2001:

‘Debtor whose full name consists of 1 word. If the debtor is an individual whose full name consists of only word, that word must be entered as both the debtor’s first and last names.’  
Eg Doe DOE

When you create your Finance Statement entry on the PPSR website you can follow the above instruction using just the surname for the debtor. Complete the Finance Statement document, then copy and paste into the PPSR. This will create your PPSR number, which is needed for the Security Agreement. The Finance Statement is your PPSR. It is up to each one what is put on but We encourage to keep it simple. Only put the Lien on your titles, not all your possessions. Possession is 9/10s of the law. The last 1/10 is the title. Only list your land title if you are mortgage free, you cannot register a mortgage. If you still have a mortgage, under the PPSR we are allowed to register our crop, 6 inches of topsoil, crops, growing medium, material of house, fencing. Council will walk away when they see that we have a lien on our title. List bank accounts but only the last four digits e.g., xx-xxxx-xxx1234, Kiwi Saver, Marriage License, NHI number.

## Trust Deed – Form 11.0 Internal document

Decide on a name for your Trust (preferably not your surname).

The Grantor is the living man/woman

The Trustee is your spouse or trusted other.

The Beneficiaries are both husband and wife.

This Trust is settled with a silver coin. We must pay our corpus, this is done by taking a photo of the silver coin on the trust deed.

Complete 11.1 Opening Minutes.

Complete 11.2 Trustee Resolution to Accept now (can be done in step six if you prefer). This ratifies the assignment you will do in Step Six.

**\*\*The living trust is ONLY TO BE USED FOR YOUR PPSR work. If you haven't already, set up a legal trust to protect your home.**

We assign the living man to the living trust which is a separate entity. We do this because we cannot have a security over ourselves. It is very important the living trust is the secured party as this provides an extra layer of protection. (see instructions in Addendum – PPSR transfer instructions for the Trust Deed)

The trustee/s of the trust notifies all 'interested parties' of the PPSR lodgement as per the act. within 15 working days of the registration

From The Art of Passing the Buck by Charles Arthur

The United States Constitution declares, "no State shall....pass any...law impairing the obligation of contracts." Therefore, when a Trust is created without fraud by contract, not statutes, it holds a position in law superior to any state law. In other words, by voluntarily and honestly contracting with your Trustee, you establish a lawful Trust. No State can then "impair" or void the obligation you created. Therefore, Trust rules stand superior not only to state constitutional law; they form private law which operates legally outside the U.S. Constitution – as guaranteed by that document itself.

This does not give you any guarantees, though. Your Trust can still be challenged whether or not it is set up correctly.

You might wonder why this is so important? Consider the ownership of residential property. Once put in Trust, several people have a vested interest. Seizure of the property by the government becomes a greater consideration because it is unknown how many beneficiaries will contest the matter, and how much money is behind the Trust veil. This idea of having the property seized by government authorities is not so uncommon. In fact, Eminent-domain abuse is widespread. The issue of divided title comes into play concerning whose property is well guarded and whose is not.

## Step Five –Load the Finance Statement details, Complete Set-Off & Indemnity Bond and Courier external documents

### Login to your PPSR account

Click on the **PPSR Registrations** tab under **Financing Statements**

Click on **Create (for your default SPG)**.

When you get to **Collateral Details** click on **Add Collateral** then click on **Documents of Title**.

You will need to copy and paste your Finance Statement in sections under **Collateral, Documents of Title** on the PPSR site. You will find that you cannot paste the entire document into one window, so do it in sections.

**NB:** We register under the two Collateral categories - **Documents of Title** and **Chattels**. So repeat the process under the Chattels category.

(We cannot have a security over ourselves. Therefore, we create a living trust which is a separate entity to be the default secured party. You will need to register the trust on the PPSR as the default secured party and assign the above living man to the trust on the next working day. Please follow instructions in Step Six regarding this?)

Read the last few pages of this form for definitions of terms.

### On the back of your Birth Certificate:

Date stamp it

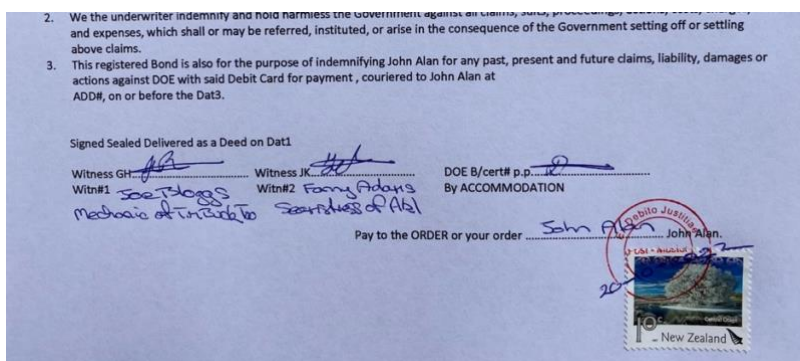

Initial the stamp

Postmaster General stamp overlapping the 10c stamp and your living man name.

Print your living man name, do not write in cursive.

[www.selfinkingstamps.co.nz](http://www.selfinkingstamps.co.nz)

Once you have completed your documents and created your bond you must do something with them.

## Protest letter/s

You should expect to send three protest letters due to lack of response from the Treasury. At the time of manual V1.4 this work had not been completed. Advice is to write something simple such as:

*'Thank you for accepting the bond as per attached copy. Please action the request for a debit card or return the bond.'*

*OR use the following letter as a guide with a copy of what you sent previously attached ie. first cover letter with a copy of the bond.*

Delivered by NZ Registered Courier Mail LW 119 789 248 NZ  
"NON-NEGOTIABLE"

23<sup>rd</sup> November 2022

Dear Dr Caralee Mc Liesh, agents, successors and assigns

**Ref: SET-OFF AND INDEMNITY BOND**

We refer to our correspondence dated 7 October 2022 that included our Set-off and Indemnity Bond No: NZB-██████████-FJM-001 [3308472], (see attached).

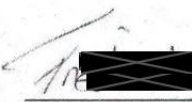

We have since been advised by NZ Post that the courier pack LW119588263 NZ including all documents were received and signed for by WCP103 ATL on Tuesday October 11 2022 at 01.12pm.

Furthermore through further investigations into the Fidelity Fund Money Market Fund 1944076957 we note that \$586,979,638.11 has recently been withdrawn from this investment however, we are yet to receive confirmation or the said Debit Card as referred to on the Bond Order.

As we have not been notified or received either the bond or debit card as of 28<sup>th</sup> October 2022 as stated in our terms and conditions it is therefore acknowledged that Dr Caralee Mc Liesh has accepted for value all of the related endorsements.

We therefore instruct Dr Caralee Mc Liesh to carry out our instructions within 10 days from the above date.

Without Prejudice

## Step Six –Register the trust on PPSR, complete 11.2 Trustee Resolution to accept assignment, complete assignment to the trust on the PPSR, Trustee notifies all interested parties.

A day or so after the letters have been couriered, we complete an assignment to the Trust. The trust that owns the secured party rights is an asset protection trust only and does not trade.

Register the living trust as the default secured party group on the PPSR (see instructions in the addendum.)

Complete 11.2 Trustee Resolution to Accept if not already done, which ratifies the assignment.

We assign the living man to the living trust which is a separate entity. We do this because we cannot have a security over ourselves. It is very important the living trust is the secured party as this provides an extra layer of protection. (see instructions in Addendum – PPSR transfer instructions for the Trust Deed)

The trustee/s of the trust notifies all ‘interested parties’ of the PPSR lodgement as per the act. within 15 working days of the registration

The trustee in the living trust deed can alter the notification of lodgement letter as appropriate to notify all interested parties of the collateral. At time of this writing a template had not been created. Please see a sample attached in the addendum for your use ‘Trustee notifies all interested parties’.

Notes

## The Mission of The Mailers

We need **two** registered, postal numbers for this work. Once one has arranged with the postal guy ahead of time, one will courier **two** 'signature required' packages on behalf of the strawman to the living man, for the **living man to sign for**. One envelope contains the Security agreement the other the Hold Harmless Indemnity.

1. Print off the two documents. Use a plain envelope rather than a courier bag as this provides the bar code label we need for the Security Agreement and Indemnity Bond. Put one document into each envelope.
2. Courier to your living man using the format exactly as below:  
**:John-Alan: Doe. (one space after the second colon eg : Doe)**  
**C/o 21 Main Road,**  
**Tairua,**  
**New-Zealand**  
**3173**
3. Keep the tracking/courier reference numbers eg RN.....NZ
4. Write your strawman name on the back of the letter eg JOHN ALAN DOE and your address
5. NZ Post usually has signing authority for small parcels. You need to override this authority before you send the envelopes so you can physically autograph yourself.

(If for some reason you do this in a time of lock down, you override the authority at the time you purchase your two signed for envelopes. Ask for them to be sent to a NZ Post branch at either Bethlehem, Grey Street or Cherrywood with a text message for the addressee (living wo/man) to collect and sign. This is entered into the system

When you go to the Post office autograph your name as the living, without the surname eg, John Alan, and request the postal clerk only record your Christian names into the system)

# Registering for WINZ

## Registering for WINZ

IRD get \$225 000.00 per annum which is allocated to run us. If on a benefit this goes to WINZ if not it goes to the government somewhere else. This action is about allowing them to retain most of that annual payment, whilst redirecting some of it to the beneficiaries benefit and instructing it be topped up to \$1500/week”.

If you are receiving an income payment or pension etc. you can go to WINZ or the IRD. If not receiving any payment you will go to IRD. **Do not do both!** You may be able to complete forms, that can increase your payment up to \$1500 per week.

If not already receiving a payment such as pension or income support, it is advised to first enquire if you qualify for any income support. If so, you will register for whichever benefit eg. a cost-of-living benefit from WINZ. Then register on the PPSR.

When/if you are receiving a payment from WINZ decide if you want to meet with WINZ or apply to the IRD. **Do not do both!** If the former complete the Appointment of an agent and Redirection of benefit payment form, the IR 597. You will request a meeting with the manager, tell him/her you want your file closed and are handing in the respective forms.

*“I hold a beneficial interest in the John Casey Doe trust and authorise you to increase the beneficiary’s benefit to \$1500 per week. Once this is done I request that you seal the account.”*

**We are recommending you limit your instruction to \$1500 per week.** Going over this amount attracts more attention and potentially some negative consequences.

*Please Note: Details provided here are currently being revisited for accuracy. We believe there may be a third form which can be utilised in this process. (perhaps the IR3). This is yet to be confirmed at time of this writing.*

*Initially a WINZ employee gave us this information. It is advisable not to ask for more than \$1500 per week as this will cause an investigation and tax enquiry.*

## If instructing the IRD.

Reminder: IRD get \$225 000.00 per annum which is allocated to run us. If on a benefit this goes to WINZ if not it goes to the government somewhere else.

## There are also two forms to be used for IRD

These are the IR597 and IR586

Complete the IR597 ‘Elect someone to act on your behalf’ with the Nominator being your Strawman name, the Nominee being your spouse. Post to the IRD address at bottom of form.

IR586 for completion of bank account and setting up of auto payments to IRD.

If asked any questions, we have a beneficial interest in the John Casey Doe Trust.

## Check Your Funds

Here's the entry instructions to check our Funds:

### Fidelity Quote

[http://quotes.fidelity.com/ftgw/fbc/ofquotes/webxpress/get\\_quote](http://quotes.fidelity.com/ftgw/fbc/ofquotes/webxpress/get_quote)

With your birth certificate number enter it as follows;

1. Year of birth say 1952-
2. The remaining numbers use 2 numbers then a gap etc 12-34-56
3. It will look like this 1952-12-34-56 etc
4. Enter **Quote**
5. Enter **Research**

### Note:

The same process works for all of your other government numbers ie. Drivers licence, medical number, passport, IRD, MSD etc. The only minor change is the gaps between the numbers so you might have to play with it and try alternatives.

### GME Utility

Here's the website <https://www.gmeiutility.org/search.jsp> type in your 9 digit winz # with a "-" between 3rd and 6th number. eg 123-456-789. You will see all the companies that are trading your signature and winz ID #. Same for your BC, Passport, BC, Drivers Licence, etc.

## Document Headers

Adjust all headers of all documents as such [POA-16101959-RJC-001](#), as you go. First three letters are name of doc, followed by your date of birth, your initials then the document version number.

- HHI-0000000000-JHD-001 means Hold Harmless Indemnity Agreement
- 0000000000 Put your Birth date here
- JHD Put your Initials here
- 001 This is your document number, any future ones will be 002, 003 etc.

## Living Man Name

How we write our name, in Quantum or not, is up to us. John-Alan is often preferred and is not incorrect however John Alan is also acceptable and correct. For many John Alan is more correct than John-Alan. Whichever you choose we encourage you to be consistent within all your documents.

Basically 'they' don't like quantum and we are trying to get things passed without them picking on something so unimportant as we are already using first and middle names only and not surname as in quantum.

In Quantum we write the living man name as:

:John-Casey: Doe (note the space between the colon and the surname, : Doe)

This is called writing in quantum, a very precise grammar.

It means, For the John-Casey of the Doe

Only use the colons in a sentence when it makes sense, otherwise just John-Casey is sufficient.

## Autographing

### Given names of the living man:

John-Alan is often preferred and is not incorrect however John Alan is also acceptable and correct. For many John Alan is more correct than John-Alan. Whichever you choose we encourage you to be consistent within all your documents.

**Autographed:** by hand write in exact same format as typed format John Alan

Example:

John Alan

Principal

*Retain typed formatting and hand write in exact same format the given names. **Do not use a thumb or fingerprint.** The comma tells us something is coming. In this case 'Principal'.*

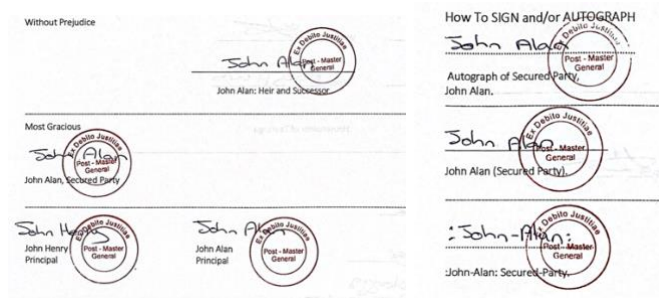

Use of a colon after the middle-given name is only used if the surname is being added and a space should be directly after the colon.

Eg :John-Alan. Doe

:John Alan: Doe is also correct

If the surname is not being used the correct format is :John-Alan.

:John Alan. Is also correct

## Witnessing Documents

It is **We, Us or Our** because the strawman is writing it.

The witnesses need to be able to be identified. We have decided on the following format, but individual preference and wisdom is encouraged.

Witness: *p.p. STRAWMAN signature*

Witnessed by: *given names*

Under given names: *Occupation of Tauranga* (or other preferred description/location)

**GH and JK** are being used pursuant to Bills of Exchange s.25 schedule 2. GH and JK is there for witnesses. Pursuant to Bills of Exchange Act section 5 schedule two. DO NOT change the initials. The powers that be know what this means. We need to know too so look it up to comprehend it's use.

<https://www.legislation.govt.nz/act/public/1908/0015/latest/DLM137879.html>

<https://www.legislation.govt.nz/act/public/1908/0015/latest/DLM138290.html>

**p.p.** Is used because the STRAWMAN can't write.

**p.p.** The strawman is Stramineous Homo and cannot speak so we must sign on his behalf by using p.p. **when we sign anything**. Under POA we can do that. We ask the birth certificate "I'd like to do this or that" and it doesn't answer you so now we have silent acquiescence and can sign on behalf.

That is how we get to sign p.p. on behalf of the ALL-CAPITAL LETTERS STRAWMAN for all the documents with our normal signature. That is how 'they' do it too.

IT IS THE MOST IMPORTANT PART TO UNDERSTAND ABOUT SIGNING ON BEHALF pp

Look up the definition of inchoate in Bouvier's online dictionary. It means an incomplete instrument.

You put a postage stamp, 5c or 10c, with date and autograph or postmaster stamp. on the back of a document so it is NOT an inchoate instrument. See Bill Turner Tricks of the Legal Trade

<https://www.youtube.com/watch?v=9r0Nzeghjxk> At 16.14 there is a small snippet about inchoate instruments

**Every document** that you send out that has a blank page needs a stamp with date and autograph or postmaster stamp.

Stamp the date across the postage stamp on a 45' angle, then initial over the stamp. Then stamp with your Postmaster general stamp. Postmaster = seat of government, so the Postmaster general stamp means we are self-governing. DO NOT stamp one copy and then photocopy. It is illegal to photocopy a stamp. Use only original stamps on copied documents. Every document that you send out that has a blank page needs a stamp.

If you do not have Postmaster stamp, simply initial the stamp.

## Document Updates

The cache of documents we provide is loaded onto the website [www.executors.kiwi](http://www.executors.kiwi) .  
Updates and new versions will be loaded on this site.

Each new version will be renumbered so One can identify the earlier versions from the more recent ones.

It is totally fine to change the documents around a bit so the powers that be do not think a template is just being sent through. Indeed, it is better to be sufficiently competent and confident in applying this knowledge, as to be able to create your own documents.

**At some point you will be tested so best not send anything off until you are confident in your knowledge.**

Membership to the website will be \$30.00 per year for administration purposes.

**NB: [www.executors.kiwi](http://www.executors.kiwi) is operated separately from the Townhall Steering Group and PPSR due diligence Learning Groups. We cannot answer questions or enter into discussion relating to this site.**

## Establish a Foundation

It is possible to form your own private foundation if you would like to initiate a humanitarian project. You are starting a foundation, a charity for a cause you are passionate about.

We are unable to include a template. You MUST create your own document, with your own purpose and wording.

Choose a name, download a logo for your foundation, and in your own words write your guiding principles as to how this foundation will assist people.

Go to a bank and open a Foundation account.

This is the bank account that you will include in the Set-Off & Indemnity Bond.

### Bill Turner on Fonts

DO NOT use Times New Roman 11.5 – it is their legal font. All other fonts are lawful.

### A Bank Loan Agreement = POA to the bank.

That's what they want, so they can get your birth certificate. They order the birth certificate so they can create the bond. It is an inchoate instrument - see Bills of Exchange Act 1908. (Video coming on this)

### Bills of Exchange Act 1908

(1) *Where a simple signature on a blank stamped paper is delivered by the signer in order that it may be converted into a bill, it operates as a prima facie authority to fill it up as a complete bill for any amount the stamp will cover, using the signature for that of the drawer, or the acceptor, or an endorser; and in like manner, where a bill is wanting in any material particular, the person in possession of it has a prima facie authority to fill up the omission in any way he or she thinks fit.*

(2) *In order that any such instrument when completed may be enforceable against any person who became a party thereto prior to its completion, it must be filled up within a reasonable time, and strictly in accordance with the authority given. Reasonable time for this purpose is a question of fact:*

*provided that if any such instrument after completion is negotiated to a holder in due course, it shall be valid and effectual for all purposes in his or her hands, and he or she may enforce it as if it had been filled up within a reasonable time and strictly in accordance with the authority given.*

## How they make money from us:

We apply for a loan; the bank needs a Power of Attorney from us. The moment they get POA from us they apply for our birth certificate, which is on security paper. Now as crown agents they can access our trusts. Every copy of our birth certificate has a different number on the back. It is a blank cheque or inchoate instrument.

The bank writes a bond on the back of the birth certificate, then sends it off to Computershare who floats the bond on the market.

The POA allows them to enter my property, order a birth certificate and send the instrument to Computershare for a 90-day bond.

The same thing happens when you go to court. All they want is someone to stand up and be trustee. They can order a birth certificate that goes out onto the market as a 90-day bond. You come back in 90 days, and they issue another bond. Muldoon had loads of 90-day bonds due to high arrests.

Everything used to go in a courier bag to the treasury. Now it goes to Computershare who deal with all the bonds. They hold the bonds till they have a billion or so and put them out to the pension funds/big investment institutions. They get a coupon rate that is paid every quarter or so and this is what they get paid on. Once a fund picks up that bond for the mortgage or the court, the bank will ring you (never do anything in writing) and say your loan has been approved.

We say, "Thank you" and trot off to have the mortgage papers drawn up, instead of saying, "Great, you can put that into my .... bank account" the bank will say "No", lawyer who does the dirty work, drawing up mortgage documents, bank puts the bank logo on the mortgage. Lawyer doesn't even know they are doing it. The CFOs know not the lower managers.

Lawyer ties us into the rates by saying "We need to do a change of owner for the council" All the papers get too confusing, so we just sign it all. We need to say, "Oh no, I'm not going to sign that". Ask for a copy of everything we sign.

Have a look at the bank statement. We find interest goes out as a debit; the payments go in as a credit. Ask your bank manager, "It looks like this money is going to a bank account, but I don't know where it is going to. Can you tell me the account it is going to?"

There is 90 days to claim unclaimed money.
